 parish boundaries.      Site location provided by: LDEQ Public Participation Permits Section

**Public Hearing Disclaimer:** This map has been designed as a tool to be used in determining the order of priority for public hearing and is based on the best information available to the Louisiana Department of Environmental Quality's GIS Center at this time. The 2-mile radius circle was drawn around a point which approximates the center of the facility site. It is recognized that the shape and the exact location of the 2-mile radius would vary slightly if property boundaries had been determined, as opposed to choosing the center of the facility. Again, this map is simply a tool to help speakers determine their location in relation to the facility.

**LOEQ Disclaimer:** The Louisiana Department of Environmental Quality (LOEQ) has made every reasonable effort to ensure quality and accuracy in producing this map or data set; nonetheless, the user should be aware that the information on which it is based may have come from any of a variety of sources and that the user should not rely on the information for any purpose other than that for which this map or data set was prepared, and does not accept any responsibility for the consequences of its use.

 Environmental Quality's GIS Center at this time. The 2-mile buffer circle was drawn around a point which  
 represents the center of the facility site. It is recognized that the shape and size of the facility  
 would vary slightly if property boundaries had been followed, as opposed to choosing the center of the  
 facility. Again, the map is merely a tool to help determine relative location or distance to the facility.

LDEQ Disclaimer: The Louisiana Department of Environmental Quality (LDEQ) has made every
